All but two of the township auxiliaries and the ten canvassing teams for Rushville township were represented at the final meeting of the Red Cross last night to make arrangements for the campaign next week to raise \$10,500, Rush county's share of the Red Cross War Relief fund.

Subscription cards were distributed to the canvassers so that each donor's name may be made a matter of record. The cards are so arranged that subscriptions may be paid on the installment plan. There is a column for the total amount subscribed, one for date of the installments and another for the amount of each installment. There is also a column to keep a record of the time when the donor is notified that another installment is due. The card index system will be used in keeping an account with all who wish to pay on the installment plan.

The policy of keeping the name of every subscriber to the War Relief fund is also for the purpose of historical record. The Red Cross will keep a record in Washington of the name of every person and the amount given to the Red Cross War Relief work.

Every township chairman, when they left the meeting last night, knew what is expected of their township next week. The apportionment is about fifty-five cents per capita and based on the population of each township. The allotment has to be fifty-five cents instead of fifty cents because the fund to be raised is \$10,500 and there are between nineteen hundred and two thousand people in the county.

There are ten canvassing teams in Rushville township, which was divided up last night. Six of the teams were assigned to the territory outside of the city of Rushville and the other four teams, divided the city equally. Team No. 7 will canvass the territory from the south corporation line to the middle of Third street; team No. 8 from the middle of Third street to the middle of Sixth street; team No. 9 from the middle of Sixth street to the middle of Ninth street, and team No. 10 from the middle of Ninth street to the north corporation line.

Several meetings will be held Sunday throughout the county for the purpose of launching the campaign. E. B. Thomas will address a mass meeting at Milroy Sunday night at the school house auditorium. At that time the people of Anderson township will begin their work to raise the quota assigned as their share. A Red Cross meeting will be held at the Plum Creek Christian church Sunday afternoon and will be addressed by the Rev. C. M. Yoern. Sunday evening Judge Will M. Sparks and A. L. Gary will speak to a union mass meeting at Glenwood. A mass meeting is also planned by the Carthage Red Cross auxiliary for some night next week to help along in their campaign. An appeal will also be made in every pulpit of the county Sunday.

**WILL WORK OVER SUNDAY**Tabulators to Determine Exact  
Liberty Loan Oversubscription

(By United Press.)

Washington, June 16.—Overwhelmed by the rush of last-minute Liberty Loan subscriptions, the treasury department today wired tabulators asking them to continue work all of tonight and Sunday, to determine the amount of oversubscriptions. Reports indicate the loan would probably exceed the first estimate of \$2,800,000,000.

**FIRST CONTRIBUTION  
TO WAR RELIEF MADE**Anti-Dredging Association Votes  
to Divide Balance Between  
Red Cross and Y. M. C. A.

EACH ORGANIZATION, \$107.45

The first contribution to the Red Cross War Relief fund was made this afternoon in the form of a contribution from the Rush County Anti-dredging association. The sum amounts to \$107.45.

The organization met in the court house assembly room this afternoon at one-thirty o'clock and decided, since its period of usefulness had passed, that the balance to the credit of the association in the bank should be put to some useful purpose. The members present unanimously voted to divide the money equally between the Red Cross War Relief fund and the Y. M. C. A. war fund. The association's bank book showed a cash balance of \$107.45. This sum added to the \$850 already raised here for the Y. M. C. A. war fund brings the total to \$957.45.

The anti-dredging association was organized on May 3, 1910 for the purpose of remonstrating against a petition to dredge Flatrock and won. The members are persons owning farms along the river who were opposed to the proposed dredging. The fund was raised by assessing each member one cent an acre for the amount of land they owned.

**ELEVEN BOY SCOUTS  
WILL GET WAR MEDALS**Each Meet Requirements by Obtain-  
ing Ten Individual Subscrip-  
tions to Liberty Loan

TOTAL FOR SCOUTS \$12,350

Eleven Rushville Boy Scouts will receive war medals for selling Liberty Bonds to ten different persons, it was announced today by Carl Webb, who directed the activities of the Scouts this week in the Liberty Loan campaign. The Scouts sold \$12,350 worth of bonds. Not all of them qualified for war medals.

The eleven boys who will be thus honored are: Ruell Bennett, William H. Pugh, Wallace Beer, Robert Gantner, Glen Somerville, George F. Morgan, William Sparks, Jr., Havens Frazee, Lewis Smith, Richard Pugh and Richard Noyer.

The names of the Scouts who fulfilled the requirements for a war medal were sent to state headquarters today and the medals will be forwarded here.

The \$12,350 subscribed to the Liberty Loan through the Boy Scouts represented one hundred and thirty-seven individual subscriptions.

**ARMED CRUISER SUNK**

(By United Press.)

London, June 16.—The armed cruiser Avenger was torpedoed and sunk in the North Sea Wednesday, the admiralty announced. All except one of those on board were saved.

**A Call to Patriotic Duty**

President Woodrow Wilson has appointed a War Council for the American Red Cross. This Council is composed of some of our strongest and most competent business men, who have enlisted in this service for the period of the war. The business of this Council will be to provide for and administer All War Relief throughout the war. This Council recently called in conference in the city of Washington leading business men representing thirty-eight of our largest cities to consider conditions and to determine policies in the work of the Red Cross.

To meet present passing needs and to prepare for the greater needs of our own soldiers in the immediate future a campaign to raise ONE HUNDRED MILLION DOLLARS was started. This money must be raised NOW. To wait until our American soldiers start for France WILL BE TOO LATE. Every precaution for the care and safety of our own boys must be made at once. This is the greatest humanitarian effort in the history of the world.

Every American soldier who is ready to make the supreme sacrifice of life itself, if need be, when he leaves the shores of his own land, should go with full confidence that we, who do not go to the battle front, have made the greatest possible preparation for his care and comfort, and that while he is away from home, in a strange land, upholding the banner of our common country and adding to our nation's glory, our energies and support will not slacken until this war is ended in triumph and victory for the cause of democracy. Indiana is expected to raise of this fund \$1,500,000.00.

Rush County's share is \$10,500.00

The call is given. We must respond. To do less would be to fail utterly as a people.

ERNEST B. THOMAS, Chairman.  
Rush County Chapter American Red Cross.

**FROST DAMAGES  
GARDEN PRODUCE**Friday Night Coldest For June in  
Seven Years and Second Coldest  
Since Year 1894**WHAT COUNTY RECORDS SHOW**Most of Fruit Far Enough Advanced  
To Escape Killing Effects of  
Frost, It Is Believed

A heavy frost last night especially in the low lands, resulted in considerable damage to garden stuff, especially tomato and cabbage plants. Most of the fruit is far enough advanced to escape the killing effects of the frost. It was the coldest June night in seven years and the second coldest in twenty-three years.

The minimum temperature last night was thirty-six degrees. In June 1910 a similar temperature was reached. Back in 1894, according to statistics available at the weather station in Maunzy, the temperature fell to thirty-six above zero one night in June. Elwood Kirkwood, weather observer, stated that the entire month had been exceedingly cold, probably the coldest in many years.

The cold weather has been exceedingly hard on the corn and the frost last night did not do it any good. While the corn crop has been damaged the farmers declare the wheat crop has been benefited by the cool weather. The wheat prospects are considered remarkably good. The cool weather has permitted wheat to grow slowly and not ripen too fast, thus insuring a better chance of a finer quality and a larger yield than if the sun had beamed down exceedingly hot.

Most farmers declare the corn is in need of a good hot sun and a few warm nights. The wet weather has also hindered the corn. In many places the corn cannot be seen for the weeds and if the farmers do not get a chance to plow the corn shortly the weeds will rule supreme.

The frost last night was general throughout the county. One farmer near Milroy declared that early this morning the frost was heavy enough to permit one to write his name in it.

**CATCH WOMAN AND  
MAN FOR DESERTION**Police Arrest Wesley Levi For  
Leaving Wife; Della Browers  
For Deserting Children**RETURNED TO GREENSBURG**

Wesley Levi, formerly of this city, wanted in Greensburg for wife desertion, and Mrs. Della Browers, under suspended sentence of six months to the Indiana Women's prison for deserting her five children at Greensburg, were arrested yesterday evening at home of Levi's father, Harrison Levi, and were returned to Greensburg to by the Decatur county sheriff.

Chief of Police Yakey received a letter last winter from the Decatur county prosecutor asking him to watch for the Browers women. It is said she deserted her five children when one of them was ill with the measles. She later returned home and was given a suspended sentence of six months, and then departed again. The Greensburg authorities thought she was with Levi and yesterday called the police here to watch for her and Levi.

Mrs. Browers was at the Levi home and living under an assumed name, but the police made her confess her real name. She fainted just as she was about to enter the jail last night.

**JAPAN TURNS DOWN  
AMERICAN REQUEST**Refuses to Join United States in Re-  
Internal Difficulties**ENGLAND IN THE SAME MOOD**

(By United Press.)

Washington, June 16.—Japan has turned down America's request that she join the United States in her recent advice to China to settle her internal difficulties.

This fact developed today following receipt of advices that Great Britain had also spurned the American suggestion for joint action in the Chinese situation.

Japan apparently was somewhat embittered because the United States did not consult her about the Chinese situation. Japan's interests in China evidently influenced her to withhold support of America's position but Great Britain's refusal puzzles authorities here, who have had no official reason from England for the refusal.

The United States secretly asked the allied powers to join in her advice to China after the note had been dispatched.

These two refusals will embarrass any further American effort to compose the Chinese internal difficulty.

Officials Reiterate Only "In-  
dispensable Men" Will Escape**MUST GO WHERE MOST NEEDED**This Applies to Occupation Posi-  
tions Unless it Works a Hard-  
ship on DependentsBy WEBB MILLER  
(U. P. Staff Correspondent.)

Washington June 16.—Farmers are not exempt from military service.

To dispell the widespread impression that men engaged in agricultural pursuits are exempt from the draft, officials today reiterated that only "indispensable men" will be exempted.

Men who can serve the nation better as a soldier than in industrial or occupational positions will be called to the colors unless it works hardship upon dependents.

In a proclamation of exemption regulations to be issued in a few days, President Wilson will make provision for determining who are and who are not indispensable men.

The proclamation will place whole power to pass upon occupational claims for exemption in the hands of the appellate exemption boards.

**SOCIALISTS GIVE  
GERMAN PEACE PLAN**No Indemnities, No Annexation, Re-  
tention of Alsace-Lorraine,  
Political Independence**OTHER PROVISIONS MADE**By ARTHUR E. MANN  
(U. P. Staff Correspondent.)

Stockholm, June 16.—What may be considered approximate to the German government's peace terms was outlined here today, when German socialists gave out their program for peace. The main points were:

No indemnities for Belgium—because it would be difficult to determine which belligerents were responsible for damages on the various fronts.

Return of Germany colonies—under the doctrine of no annexation. Retention by Germany of Alsace-Lorraine—because the people are actually Germans.

Complete political and military independence of all nations.

Germany is to agree with Austria—regarding the future of Serbia and the other Balkan countries.

Poland and Finland is to be left to the determination of these provinces themselves.

To Greece, Ireland, Egypt, Corea and Morocco the German socialists express the greatest sympathy and socialists in those places were urged to work for their independence.

# The BANKS of Rush County

At a great sacrifice and expense to themselves, are endeavoring to uphold the honor of Rush County in this hour of the Country's need. They have undertaken to sell the full amount of WAR BONDS which has justly been assigned to the people of this county. Many people are supporting us loyally in this task and are doing their full share.

## The Amount Is Not Yet Sold, And Must Be Sold

Even if you are not moved by any patriotic or human impulse, it is good business to buy a bond; as large a one as you can. It Must Be Done. Do It Now. You can buy on easy payments at any Rushville Bank.

We are standing in your place with the Government since the subscription closed, in extending the time for you.

Are you for the United States in this war or against it? The decision must rest upon your acts in this matter.

## Buy Lumber and Help The Red Cross

If you are contemplating any purchase of building material, hardware, glass or paint, you could not buy at a better time than during the week of

**Monday, June 18 to Saturday, June 23**

because 2% of all cash receipts and 1% of all accounts collected during this week will be given to the Red Cross to assist them in raising their quota of \$10,500, which is Rush county's proportion for the relief of soldiers going to France and also for our allies.

Anyone contemplating the purchase of lumber this year would not only help the Red Cross, but would save actual money by buying now as another advance in price is coming soon. All purchases made during this week and paid for will be held for future delivery.

**Senreco**  
The double-service tooth paste,

keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

#### SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

Washington, June 16.—All the Petrolite's crew were saved. The state department was advised today that the missing men has been landed.

New York, June 16.—Three women are under arrest and further arrests are expected as the result of anti-conscription rioting in City Hall park this afternoon during which police were beaten by the women when they attempted to break it up. Nearly 300 women gathered in the square to protest against conscription.

New York, June 16.—Emma Goldman and Alexander Berman, anarchists, arrested on charges of conspiring against the government, were held today in \$25,000 bail to await

the action of the federal grand jury.

Elkhart, Ind., June 16.—Sam Lusher was shot and killed shortly after midnight by his wife when he came home intoxicated and threatened to kill the whole family.

Washington, June 16.—The senate today finally disposed of the administration's preferential routing bill, passing the measure after a week's discussion. The bill authorizes the president to direct preferential shipments by rail and water during the war of those products on which the safety of the nation depends.

Captain and Mrs. Thorpe of the Salvation Army were notified today that they had been transferred to New Albany, instead of Linton, where they were originally ordered to report Monday.

## HER DEATH NEAR

So Everyone Thought, But Is Now  
Well And Stronger Than Ever.

Newton, Mo.—"I can certainly speak a good word for Cardui, the woman's tonic," says Mrs. Jay Rhoades, of this town. "I suffered for 12 years with my right side, and the last three years, I would have a bad spell with it about every three months. I would get so bad off, every one would think I could not live.

The first of July, I began taking Cardui, the woman's tonic, and I haven't had a bad spell since soon after I began taking it.

Before taking Cardui, I was so irregular, and, at times, I could hardly stand on my feet. Now, I can clean house, and do any kind of work without its hurting me in the least.

Cardui will surely do for other women, what it did for me. I am telling all my neighbors about it."

Cardui is a mild and effective tonic for women, that has been found, by actual use, during more than 50 years, to relieve the ailments to which all women are peculiarly liable.

Card-u-i has helped thousands. Why not you? Try it. NCB

## A Mammoth Task

We of Rush county are entering upon a great task in attempting to raise in a week \$10,500, but the greater and more difficult it is, just that much greater should be the effort and energy exerted to uphold the honor and reputation of Rush county. Every one of the twenty-thousand people in Rush county should dedicate the week to the Red Cross by their acts and words. They should not condemn but approve the campaign which will be waged for something that will take some sacrifices but which will save heartaches and many lives.

In outling the vision of the Red Cross, the war council has made it plain that the duty of the Red Cross first is at home. The Red Cross hopes never to be found wanting in this respect, and there is no reason to believe that it will be because through an organization to be affected by Edward N. Hurley, there will be no camp after mobilization in this country, which will not be supplemented by the Red Cross. Of course, the position of the Red Cross relative to our own army is that purely of supplementing our own medical department.

But what of the work abroad? Hundreds of American doctors and nurses are already at the front. A force of 12,000 American engi-

## DRAFT EXEMPTIONS

## How the Government Will Choose the First Contingent From the 10,000,000 Men Who Registered

The fact that practically ten million men of military age registered in one day in the United States is, in the opinion of American newspapers, this country's conclusive answer to all efforts to convince the German people that this is "Wilson's War" and that it is without popular support or approval in the world's greatest Republic. It is also, they add, our answer to "the spies, the conspirators, the demagogues who tried to obstruct the Draft Law." The history of the past several days will be read and studied in Berlin where it will be recognized, in the opinion of the Springfield Republican, as "a registration not merely of men but of a national purpose, indorsed, supported, and confirmed."

Now that the first step in raising an immense American army has been taken, the question of as to who will be exempt from military duty is engrossing public attention. In THE LITERARY DIGEST for June 16th the leading article gives a comprehensive account drawn from the press of the United States of the workings of the draft, and also includes the latest obtainable information as to the government's plan for passing upon the cases of men who have claimed, or will claim, exemption. neers will soon be rebuilding the railroads of France. Upwards of 25,000 American men are now on the battlefields of Europe, fighting as volunteers in the Allied armies; soon, 25,000 American regulars will be added to their number. All our National Guard is to be mobilized our regular Army is to be recruited to full strength, and 500,000 other men shortly to be called to the colors. Within a few months we should and will have in service an army of 1,000,000 and a navy of 150,000 men.

These men must have of our best. To prepare against their needs in advance will be a stupendous task which the Red Cross must undertake. Doctors, nurses, ambulances, must be made ready. Vast quantities of hospital stores, linen bandages and supplies of every kind must be prepared and at once. If we wait, it may be too late. When we ask our own brothers and sons to fight for our liberty 3,000 miles from home in a country already sore and afflicted; surely we cannot do less than prepare to take care of them in their day of suffering.

Gallant Canada from 8,000,000 population raised an army of 450,000 men. Eighty thousand are dead or injured, and Canada has raised in value \$16,000,000 for the Red Cross to relieve her sick and wounded. Her Red Cross, thus vitalized by the sacrifice of those at home, has been able to save thousands from death or misery.

Great Britain, a country with less than half our own which had a standing army of only two hundred and fifty thousand soldiers on the first day of August, 1914; and today with five million soldiers equipped and

on the field. Have they stopped there? Not at all. They have a Red Cross activity in every nation of the world now engaged in battle on the other side—perfectly marvelous! Would not one be apt to think Great Britain has enough to do to take care of the seas and to raise an army of five million men, without thinking of sending her ambulances all through South Africa, into Egypt

into the Balkans, into Russia, as well as into France? But they have failed nowhere—and this alongside of their wonderful military undertakings.

Immediately our soldiers go into camp, their dependent families will become a problem. Obviously, in a country the size of our own, the proper and practical way to distribute both the burdens and the benefits

fairly and uniformly will be through the Government itself. This is especially fitting when voluntary contributions must meet such enormous requirements in other fields. There will undoubtedly arise a large number of special cases requiring additional or unusual assistance. Such assistance should be made systematic largely through local chapters of the Red Cross.

### RED CROSS WORKERS ALL SET FOR WAR CAMPAIGN

Continued from Page 1.

Chairman Thomas impressed on the minds of the workers last night the necessity when making the appeal for a contribution, of making it plain that the Red Cross is not raising a War fund but a "War Relief" fund. He said it should be understood that this is a humanitarian movement designed to save lives of American soldiers and make conditions better for them in France by helping America's allies.

Mr. Thomas pointed out that the experience of prosecuting a foreign war was entirely new to the United States. The American boys will be in a very peculiar condition, far different from that of the English and French soldiers. The soldiers of the allies are not far from their own soil and can go home on a furlough, but the boys in khaki will be denied that privilege. Once on French soil, they will have to remain. Mr. Thomas showed the workers that they must impress on the minds of the people that this is another burden of the Red Cross—to provide places for the American soldiers in rest periods for wholesome amusement and recreation so as to stave off the homesickness that is liable to overtake every American young man.

Early indications are that Rush county will respond nobly to its task. Several subscriptions of \$50 and a few for \$100 are anticipated. There are any number of men, wage-earners of humble homes—who expect to give their per capita ratio, fifty-five cents each for themselves and every member of their family.

The merchants of Rushville have announced to the world that they are going to "do their bit." Five score or more have advertised that they will give to the Red Cross War relief two per cent of their cash sales next week and one per cent of their collections. In addition to giving themselves, people of the county can aid the Red Cross by buying the things they need next week as well as paying up their old accounts.

"The Alarm Call," a ringing appeal to the people of Indiana to rally to the Red Cross war fund, is sent out to local chapters by S. P. Withrow, campaign leader for the state branch of the Red Cross. The call follows:

"Lest some of the County Red Cross Organizations have not responded; lest they are not in full swing for the raising of their full share of the \$100,000,000 war relief fund for our soldier boys through the American Red Cross, June 18 to 25, this is an alarm call, for there is yet time."

"We are sending this alarm out lest by some awful mistake some county might be humiliated in finding after this glorious work is over that it has been denied the opportunity of being upon the honor roll. If Red Cross Representation Ever Meant Anything it Means Something Now."

"Don't let 'sleep at the switch' be applied to your chapter. Don't let your people wonder when this campaign is over why they didn't have a chance to win the war with their money. Many people know they can't go out and fight in this war for democracy, for liberty, for truth, but they want to help the boys that can go and do go. They want to help them with reasonable comforts. They want to help stop their bleeding wounds. They want to help pillow their heads in efficient hospitals with a nurse and doctor in charge. They want mother notified if her boy is a prisoner or if he falls in action. They want to help save the lives of thousands that would otherwise die for reasonable care."

"If you received word that our army had retreated across the Alleghenies with a German army in pursuit it would not take long to get your people together to organize to stay its progress would it? The telephone would do to notify them wouldn't it? Excuses wouldn't go would they? Well, if that were the case action would then be too late with all the hurry and with all the prompt work."

"Wisdom then directs prompt spontaneous action now, when it is not too late, when reasonable alertness will save lives, save sorrow and distress, and win the war. The Biggest Man in the Biggest Cities Are Realizing This and Are Giving Their Whole Time and Million-Dollar Checks In This Campaign. New York City is raising \$40,000,000

### MILROY MAN WINS CASE AT SHELBYVILLE

Jury Returns Verdict for S. T. Overleese, Was Sued For \$10,000 Damages by Mrs. Brickert

### CRIMINAL ASSAULT, CHARGE

A jury in the Shelby circuit court which heard the \$10,000 damage suit of Mrs. Bertha Brickert, wife of Perry Brickert of Indianapolis against Samuel T. Overleese of near Milroy, returned a verdict last night for Mr. Overleese after taking two ballots.

The suit was based on an alleged criminal assault November 18, 1914 when the Brickerts were living on the Overleese farm, south of Milroy. The closing arguments in the case were made yesterday afternoon and the case went to the jury last night. The jury was out only a short time in reaching the verdict. Mr. Overleese was represented by Megee and Ross of this city and Adams and Jones of Shelbyville. The plaintiff was represented by David McKee of Connersville and Isaac Carter of Shelbyville.

## WILL PROVIDE AN AMBULANCE UNIT

Indiana Funeral Directors Will be Among First in Country to Give Such Equipment

### RESPONSE IS VERY LIBERAL

The funeral directors of Indiana will furnish the government a complete ambulance unit. At the recent meeting of the state association the funeral directors pledged themselves to furnish the ambulance unit and the state will be among the first to give the government such a unit.

All the funds for the raising of this unit will be contributed by the funeral directors of the state and already the response to the appeal for funds has been liberal. The state work is in charge of Frank B. Planner of Indianapolis.

The friends and neighbors of Clavin Hungerford planned a surprise for him Thursday evening, honoring his birthday. Fifty-five guests enjoyed the delightful evening over cards, and refreshments were served.

The Ladies Aid society of the Methodist church will meet, Tuesday afternoon with Mrs. W. S. Oneal at her home in North Perkins street. The assistant hostesses will be Mrs. Esther McCloud and Miss Flora Redman.

Mr. and Mrs. A. L. Riggs entertained with a well appointed dinner, yesterday at their home in North Perkins street. Covers were laid for Mr. and Mrs. J. P. Frazee and daughter Miss Frances and sons John and Havens, Mr. and Mrs. Claude Cambern, Mr. and Mrs. Guy Abercrombie and daughter Laurett and Edwin Watson.

Claude Fowler was surprised last evening when his friends and neighbors gathered at his home for a social evening, the occasion being his birthday. The guests included, Mrs. Peek, Mr. and Mrs. J. W. Zamwalt, Mr. Peek and daughter, Helen, and Laverne and Robert Bishop. Pink and white was the color scheme used in the decorations and refreshments which were served.

Miss Grace Buell was the hostess to twelve members of the Friday afternoon Embroidery club and five guests, Mrs. George Helm, Mrs. Lenora Norris, Mrs. Lee Pyle and Mrs. Chauncey Duncan, yesterday afternoon at her home east of this city. Red roses were used in profusion on the dining table, where the hostess served the dainty luncheon. The entire afternoon was spent over needlework.

Miss Ellen Dora Lampton of Milroy is entertaining a number of girl friends this evening with a theater party in honor of her house guest, Miss Elizabeth Beale of Owensboro, Ky. The guests are the Misses Beale, June Lines, Mable Morris, Freda Morgan, Sudie Shelhorn, Carry Brown, Clara Archey, Emily Morgan, and Lula Harcourt. After the theater party the guests will be entertained with a delightful course luncheon at the home of Miss Lampton.

None of the social functions of the season has surpassed the reception given by Mr. and Mrs. John Darnell, last evening at their country home east of this city, the affair being given in honor of their son and his wife, Mr. and Mrs. Elmer Darnell, who were recently married. Masses of pink and white roses were used to decorate the home and the same color scheme was prominent in the refreshments. The receiving line, in which stood the Misses Mary Hinchman, Lilla Tender and Ruth Laughlin, was stationed at the entrance of the spacious living room. During the evening piano and vocal solos were rendered by the Misses Dorothy Saxon, Elsie and Anna Vandiver and Martha Crayton. Refreshments were served to about seventy-five guests.

## ANOTHER NATIONAL DRAMA IN THE MAKING

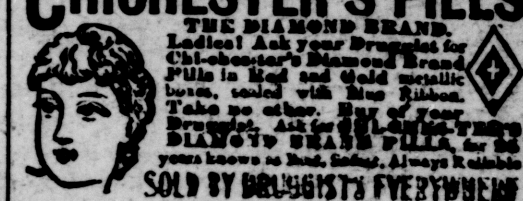

Behind Spanish Censorship Crisis Between Premier and Army Leaders is Being Enacted

### PROPOGANDISTS ARE AT WORK

(By United Press.)  
London, June 16.—Behind the Spanish censorship another national drama may be occurring. Vague reports of an assumption of power over the whole nation by the army have been received here. No direct word has come from Spain for four days.

When the censorship curtain dropped a crisis was imminent between the premier and the army leaders. One of the last dispatches received direct from Madrid quoted the premier in the denial of the report that a garrison had revolted. Spain has been the hot-bed of German propagandists and all British newspapers today advocated much of Spain's internal dissension was due to the Prussian agents.

## FOOD BILL FIGHT OPENS IN CONGRESS

Senate Agriculture Committee Meets to Report Measure Out Without Recommendations

### ONE OF GREATEST STRUGGLES

By ROBERT J. BENDER  
(U. S. Staff Correspondent.)  
Washington, June 16.—The big food fight is on in congress. While the people of the country and the allied nations watch, the administration food control measure, making Herbert C. Hoover, virtual food administrator of the world was launched today into one of the greatest struggles of the American congress. The senate agriculture committee met to report the bill without recommendations that the senate might begin work on it at once. Senator Gore, chairman of the committee—unfriendly to the measure, asked Senator Chamberlain to direct its course in the upper branch. The fate of the bill is yet in doubt. The president has chosen the senate as the field on which to fight the battle to a decision.

## MASS MEETINGS ON SUNDAY

Four Canvassing Teams District  
Rushville and Other Six Will  
Work Outside City

## TOWNSHIPS ARE REPRESENTED

Each Auxiliary Chairman Knows  
What is Expected of His or  
Her Township Next Week

All but two of the township auxiliaries and the ten canvassing teams for Rushville township were represented at the final meeting of the Red Cross last night to make arrangements for the campaign next week to raise \$10,500, Rush county's share of the Red Cross War Relief fund.

Subscription cards were distributed to the canvassers so that each donor's name may be made a matter of record. The cards are so arranged that subscriptions may be paid on the installment plan. There is a column for the total amount subscribed, one for date of the installments and another for the amount of each installment. There is also a column to keep a record of the time when the donor is notified that another installment is due. The card index system will be used in keeping an account with all who wish to pay on the installment plan.

The policy of keeping the name of every subscriber to the War Relief fund is also for the purpose of historical record. The Red Cross will keep a record in Washington of the name of every person and the amount given to the Red Cross War Relief work.

Every township chairman, when they left the meeting last night, knew what is expected of their township next week. The apportionment is about fifty-five cents per capita and based on the population of each township. The allotment has to be fifty-five cents instead of fifty cents because the fund to be raised is \$10,500 and there are between nineteen hundred and two thousand people in the county.

There are ten canvassing teams in Rushville township, which was divided up last night. Six of the teams were assigned to the territory outside of the city of Rushville and the other four teams, divided the city equally. Team No. 7 will canvass the territory from the south corporation line to the middle of Third street; team No. 8 from the middle of Third street to the middle of Sixth street; team No. 9 from the middle of Sixth street to the middle of Ninth street, and team No. 10 from the middle of Ninth street to the north corporation line.

Several meetings will be held Sunday throughout the county for the purpose of launching the campaign. E. B. Thomas will address a mass meeting at Milroy Sunday night at the school house auditorium. At that time the people of Anderson township will begin their work to raise the quota assigned as their share. A Red Cross meeting will be held at the Plum Creek Christian church Sunday afternoon and will be addressed by the Rev. C. M. Yocum. Sunday evening Judge Will M. Sparks and A. L. Gary will speak to a union mass meeting at Glenwood. A mass meeting is also planned by the Carthage Red Cross auxiliary for some night next week to help along in their campaign. An appeal will also be made in every pulpit of the county Sunday.

## WILL WORK OVER SUNDAY

Tabulators to Determine Exact  
Liberty Loan Oversubscription

(By United Press.)

Washington, June 16.—Overwhelmed by the rush of last-minute Liberty Loan subscriptions, the treasury department today wired tabulators asking them to continue work all of tonight and Sunday, to determine the amount of oversubscriptions. Reports indicate the loan would probably exceed the first estimate of \$2,800,000,000.

FIRST CONTRIBUTION  
TO WAR RELIEF MADEAnti-Dredging Association Votes  
to Divide Balance Between  
Red Cross and Y. M. C. A.

EACH ORGANIZATION, \$107.45

The first contribution to the Red Cross War Relief fund was made this afternoon in the form of a contribution from the Rush County Anti-dredging association. The sum amounts to \$107.45.

The organization met in the court house assembly room this afternoon at one-thirty o'clock and decided, since its period of usefulness had passed, that the balance to the credit of the association in the bank should be put to some useful purpose. The members present unanimously voted to divide the money equally between the Red Cross War Relief fund and the Y. M. C. A. war fund. The association's bank book showed a cash balance of \$107.45. This sum added to the \$850 already raised here for the Y. M. C. A. war fund brings the total to \$957.45.

The anti-dredging association was organized on May 3, 1916 for the purpose of remonstrating against a petition to dredge Flatrock and won. The members are persons owning farms along the river who were opposed to the proposed dredging. The fund was raised by assessing each member one cent an acre for the amount of land they owned.

ELEVEN BOY SCOUTS  
WILL GET WAR MEDALSEach Meet Requirements by Obtain-  
ing Ten Individual Subscrip-  
tions to Liberty Loan

TOTAL FOR SCOUTS \$12,350

Eleven Rushville Boy Scouts will receive war medals for selling Liberty Bonds to ten different persons, it was announced today by Carl Webb, who directed the activities of the Scouts this week in the Liberty Loan campaign. The Scouts sold \$12,350 worth of bonds. Not all of them qualified for war medals. The eleven boys who will be thus honored are:

Ruell Bennett, William H. Pugh, Wallace Beer, Robert Gantner, Glen Somerville, George F. Morgan, William Sparks, Jr., Havens Frazee, Lewis Smith, Richard Pugh and Richard Noyer.

The names of the Scouts who fulfilled the requirements for a war medal were sent to state headquarters today and the medals will be forwarded here.

The \$12,350 subscribed to the Liberty Loan through the Boy Scouts represented one hundred and thirty-seven individual subscriptions.

## ARMED CRUISER SUNK

London, June 16.—The armed cruiser Avenger was torpedoed and sunk in the North Sea Wednesday, the admiralty announced. All except one of those on board were saved.

## A Call to Patriotic Duty

President Woodrow Wilson has appointed a War Council for the American Red Cross. This Council is composed of some of our strongest and most competent business men, who have enlisted in this service for the period of the war. The business of this Council will be to provide for and administer All War Relief throughout the war. This Council recently called in conference in the city of Washington leading business men representing thirty-eight of our largest cities to consider conditions and to determine policies in the work of the Red Cross.

To meet present passing needs and to prepare for the greater needs of our own soldiers in the immediate future a campaign to raise ONE HUNDRED MILLION DOLLARS was started. This money must be raised NOW. To wait until our American soldiers start for France WILL BE TOO LATE. Every precaution for the care and safety of our own boys must be made at once. This is the greatest humanitarian effort in the history of the world.

Every American soldier who is ready to make the supreme sacrifice of life itself, if need be, when he leaves the shores of his own land, should go with full confidence that we, who do not go to the battle front, have made the greatest possible preparation for his care and comfort, and that while he is away from home, in a strange land, upholding the banner of our common country and adding to our nation's glory, our energies and support will not slacken until this war is ended in triumph and victory for the cause of democracy.

Indiana is expected to raise of this fund \$1,500,000.00. Rush County's share is \$10,500.00.

The Call is a given. We must respond. To do less would be to fail utterly as a people.

ERNEST B. THOMAS, Chairman,  
Rush County Chapter American Red Cross.

FROST DAMAGES  
GARDEN PRODUCEFriday Night Coldest For June in  
Seven Years and Second Coldest  
Since Year 1894

## WHAT COUNTY RECORDS SHOW

Most of Fruit Far Enough Advanced  
To Escape Killing Effects of  
Frost, It Is Believed

A heavy frost last night especially in the low lands, resulted in considerable damage to garden stuff, especially tomato and cabbage plants. Most of the fruit is far enough advanced to escape the killing effects of the frost. It was the coldest June night in seven years and the second coldest in twenty-three years.

The minimum temperature last night was thirty-six degrees. In June 1910 a similar temperature was reached. Back in 1894, according to statistics available at the weather station in Maunzy, the temperature fell to thirty-six above zero one night in June. Elwood Kirkwood, weather observer, stated that the entire month had been exceedingly cold, probably the coldest in many years.

The cold weather has been exceedingly hard on the corn and the frost last night did not do it any good. While the corn crop has been damaged the farmers declare the wheat crop has been benefited by the cool weather. The wheat prospects are considered remarkably good. The cool weather has permitted wheat to grow slowly and not ripen too fast, thus insuring a better chance of a finer quality and a larger yield than if the sun had beamed down exceedingly hot.

Most farmers declare the corn is in need of a good hot sun and a few warm nights. The wet weather has also hindered the corn. In many places the corn cannot be seen for the weeds and if the farmers do not get a chance to plow the corn shortly the weeds will rule supreme.

The frost last night was general throughout the county. One farmer near Milroy declared that early this morning the frost was heavy enough to permit one to write his name in it.

LIKELY TO IGNORE  
GRAY CHALLENGER. N. Elliott, G. O. P. Candidate For  
Congress, Will Not Reply to  
Opponent, it is Believed

## WHAT FINLY GRAY PROPOSES

Elliott in Hancock County Today  
Campaigning and Could Not be  
Interviewed Regarding It

Connersville, Ind., June 16.—Richard N. Elliott of Connersville, republican candidate for congress, was campaigning in Greenfield and Hancock county today and could not be interviewed regarding his attitude toward the challenge of Finly Gray, the democratic candidate, to do away with all speaking during the short campaign and make it of the "gun-shoe" variety.

The opinion, however, prevailed here that Mr. Elliott would ignore the Gray note and conduct his campaign along the usual lines. Republican leaders declare that Gray was a little too late in his so-called challenge as he knew the republicans had made all arrangements for the campaign. Locally the Gray note is considered a "grand stand" play.

Gray in his letter to Elliott says the republicans by sending in speakers to this district during the campaign would place the campaign on a partisan basis and holds that this is no time for such a campaign. He said that such a campaign would only "tend to involve our district in mere partisan clamor and bitter controversy, to divide and weaken us within our ranks and at the same time when our common country is confronted with a supreme crisis in our national history, and involved in war with a formidable foreign foe."

He then proposes that the two candidates go before the voters by personal speeches and by personal canvass and each submit his cause as a candidate.

Friends of Mr. Elliott declare that since this is a political election it should be conducted like any other campaign and because of this they believe Mr. Elliott will ignore the proposition.

Republican party leaders in Rushville were of the same opinion as those in Fayette county. They consider Gray's appeal, as coming too late and look upon the whole thing as a political move.

Mrs. Hattie Beale has received a letter from her son, Fred Beale, Jr., who says he is well satisfied with conditions at the Great Lakes station training for the navy. He and Eugene Helm, son of George Helm of this city, joined the navy at Detroit where the two boys were employed.

CATCH WOMAN AND  
MAN FOR DESERTIONPolice Arrest Wesley Levi For  
Leaving Wife; Della Browers  
For Deserting Children

## RETURNED TO GREENSBURG

Wesley Levi, formerly of this city, wanted in Greensburg for wife desertion, and Mrs. Della Browers, under suspended sentence of six months to the Indiana Women's prison for deserting her five children at Greensburg, were arrested yesterday evening at home, of Levi's father, Harrison Levi, and were returned to Greensburg to by the Decatur county sheriff.

Chief of Police Yakey received a letter last winter from the Decatur county prosecutor asking him to watch for the Browers women. It is said she deserted her five children when one of them was ill with the measles. She later returned home and was given a suspended sentence of six months, and then departed again. The Greensburg authorities thought she was with Levi and yesterday called the police here to watch for her and Levi.

Mrs. Browers was at the Levi home and living under an assumed name, but the police made her confess her real name. She fainted just as she was about to enter the jail last night.

JAPAN TURNS DOWN  
AMERICAN REQUESTRefuses to Join United States in Re-  
Internal Difficulties

## ENGLAND IN THE SAME MOOD

(By United Press.)

Washington, June 16.—Japan has turned down Americas' request that she join the United States in her recent advice to China to settle her internal difficulties.

This fact developed today following receipt of advices that Great Britain had also spurned the American suggestion for joint action in the Chinese situation.

Japan apparently was somewhat embittered because the United States did not consult her about the Chinese situation. Japan's interests in China evidently influenced her to withhold support of America's position but Great Britain's refusal puzzles authorities here, who have had no official reason from England for the refusal.

The United States secretly asked the allied powers to join in her advice to China after the note had been dispatched.

These two refusals will embarrass any further American effort to compose the Chinese internal difficulty.

## ANOTHER BLOW IS DELIVERED

FARMERS ARE NOT

Officials Reiterate Only "In-  
dispensable Men" Will Escape

## MUST GO WHERE MOST NEEDED

This Applies to Occupation Posi-  
tions Unless it Works a Hard-  
ship on DependentsBy WEBB MILLER  
(U. P. Staff Correspondent.)

Washington, June 16.—Farmers are not exempt from military service.

To dispel the widespread impression that men engaged in agricultural pursuits are exempt from the draft, officials today reiterated that only "indispensable men" will be exempted.

Men who can serve the nation better as a soldier than in industrial or occupational positions will be called to the colors unless it works hardship upon dependents.

In a proclamation of exemption regulations to be issued in a few days, President Wilson will make provision for determining who are and who are not indispensable men.

The proclamation will place whole power to pass upon occupational claims for exemption in the hands of the appellate exemption boards.

SOCIALISTS GIVE  
GERMAN PEACE PLANNo Indemnities, No Annexation, Re-  
tention of Alsace-Lorraine,  
Political Independence

## OTHER PROVISIONS MADE

By ARTHUR E. MANN  
(U. P. Staff Correspondent.)

Stockholm, June 16.—What may be considered approximate to the German government's peace terms was outlined here today, when German socialists gave out their program for peace. The main points were:

No indemnities for Belgium—because it would be difficult to determine which belligerents were responsible for damages on the various fronts.

Return of Germany colonies—under the doctrine of no annexation. Retention by Germany of Alsace-Lorraine—because the people are actually Germans.

Complete political and military independence of all nations.

Germany is to agree with Austria—regarding the future of Serbia and the other Balkan countries.

Poland and Finland is to be left to the determination of these provinces themselves.

To Greece, Ireland, Egypt, Corea and Morocco the German socialists express the greatest sympathy and socialists in those places were urged to work for their independence.

**Monday, June 18 to Saturday, June 23**

because 2% of all cash receipts and 1% of all accounts collected during this week will be given to the Red Cross to assist them in raising their quota of \$10,500, which is Rush county's proportion for the relief of soldiers going to France and also for our allies.

Anyone contemplating the purchase of lumber this year would not only help the Red Cross, but would save actual money by buying now as another advance in price is coming soon. All purchases made during this week and paid for will be held for future delivery.

The Gem offers Shorty Hamilton in the comedy "Shorty Promotes His Love Affair" for the first picture of the Saturday night program. In addition to this the comedy "Jerry's Big Raid" and the drama "A Mountain Daisy" will be shown. William Courtenay, one of the best known actors on the American stage, who recently made a great hit in the screen play "Kick In," produced by Pathe from the very successful melodrama of the same name, is to be seen at the Gem Monday in "The Taming of the Hawk," another Pathe play of the secret service and gentlemen crooks.

The Lyric will show "The Pilgrim" two act drama for the first picture of tonight's program. Anna Little and Frank Brozage are featured. The second is a comedy, "He Died and He Didn't." This is a two reel comedy featuring Ben Turpin and Rube Miller. An educational travel picture, "See America First," will conclude the program.

Mae Marsh and Robert Herron are shown in the feature drama "The Wharf Rat" at the Princess tonight. There are many gripping situations and plenty of action in this drama. In addition to this the comedy "The Lady Drummer" will be shown, in which Fay Tinker is featured. A unique story of love in Mexico under unusual conditions and under trials and tribulations is told in "The Red Woman," the attraction at the Princess Monday. The play pulsates with plots and passion. The love story thrills and impresses with its primitive force. It is said to be a powerful tale of perfect love.

New York, June 16.—Three women are under arrest and further arrests are expected as the result of anti-conscription rioting in City Hall park this afternoon during which police were beaten by the women when they attempted to break it up. Nearly 300 women gathered in the square to protest against conscription.

**Senreco**

The double-service tooth paste,

keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

## SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

## HER DEATH NEAR

So Everyone Thought, But Is Now Well And Stronger Than Ever.

Newton, Mo.—"I can certainly speak a good word for Cardui, the woman's tonic," says Mrs. Jay Rhoades, of this town. "I suffered for 12 years with my right side, and the last three years, I would have a bad spell with it about every three months. I would get so bad off, every one would think I could not live.

The first of July, I began taking Cardui, the woman's tonic, and I haven't had a bad spell since soon after I began taking it.

Before taking Cardui, I was so irregular, and, at times, I could hardly stand on my feet. Now, I can clean house, and do any kind of work without its hurting me in the least.

Cardui will surely do for other women, what it did for me. I am telling all my neighbors about it."

Cardui is a mild and effective tonic for women, that has been found, by actual use, during more than 50 years, to relieve the ailments to which all women are peculiarly liable.

Card-u-i has helped thousands. Why not you? Try it. NCB?

### A Mammoth Task

We of Rush county are entering upon a great task in attempting to raise in a week \$10,500, but the greater and more difficult it is, just that much greater should be the effort and energy exerted to uphold the honor and reputation of Rush county. Every one of the twenty-thousand people in Rush county should dedicate the week to the Red Cross by their acts and words. They should not condemn but approve the campaign which will be waged for something that will take some sacrifices but which will save heartaches and many lives.

In outlining the vision of the Red Cross, the war council has made it plain that the duty of the Red Cross first is at home. The Red Cross hopes never to be found wanting in this respect, and there is no reason to believe that it will be because through an organization to be affected by Edward N. Hurley, there will be no camp after mobilization in this country, which will not be supplemented by the Red Cross. Of course, the position of the Red Cross relative to our own army is that purely of supplementing our own medical department.

But what of the work abroad! Hundreds of American doctors and nurses are already at the front. A force of 12,000 American engi-

# DRAFT EXEMPTIONS

## How the Government Will Choose the First Contingent From the 10,000,000 Men Who Registered

The fact that practically ten million men of military age registered in one day in the United States is, in the opinion of American newspapers, this country's conclusive answer to all efforts to convince the German people that this is "Wilson's War" and that it is without popular support or approval in the world's greatest Republic. It is also, they add, our answer to "the spies, the conspirators, the demagogues who tried to obstruct the Draft Law." The history of the past several days will be read and studied in Berlin where it will be recognized, in the opinion of the Springfield *Republican*, as "a registration not merely of men but of a national purpose, indorsed, supported, and confirmed."

Now that the first step in raising an immense American army has been taken, the question of as to who will be exempt from military duty is engrossing public attention. In THE LITERARY DIGEST for June 16th the leading article gives a comprehensive account drawn from the press of the United States of the workings of the draft, and also includes the latest obtainable information as to the government's plan for passing upon the cases of men who have claimed, or will claim, exemption. Other articles of more than usual interest are:

FUNK & WAGNALLS COMPANY (Publishers of the Famous NEW Standard Dictionary), NEW YORK

neers will soon be rebuilding the railroads of France. Upwards of 25,000 American men are now on the battlefields of Europe, fighting as volunteers in the Allied armies; soon, 25,000 American regulars will be added to their number. All our National Guard is to be mobilized our regular Army is to be recruited to full strength, and 500,000 other men shortly to be called to the colors. Within a few months we should and will have in service an army of 1,000,000 and a navy of 150,000 men.

These men must have of our best. To prepare against their needs in advance will be a stupendous task which the Red Cross must undertake. Doctors, nurses, ambulances, must be made ready. Vast quantities of hospital stores, linen bandages and supplies of every kind must be prepared and at once. If we wait, it may be too late. When we ask our own brothers and sons to fight for our liberty 3,000 miles from home in a country already sore and afflicted; surely we cannot do less than prepare to take care of them in their day of suffering.

Gallant Canada from 8,000,000 population raised an army of 450,000 men. Eighty thousand are dead or injured, and Canada has raised in value \$16,000,000 for the Red Cross to relieve her sick and wounded. Her Red Cross, thus vitalized by the sacrifice of those at home, has been able to save thousands from death or misery.

Great Britain, a country with less than half our own which had a standing army of only two hundred and fifty thousand soldiers on the first day of August, 1914; and today with five million soldiers equipped and

on the field. Have they stopped there? Not at all. They have a Red Cross activity in every nation of the world now engaged in battle on the other side—perfectly marvelous! Would not one be apt to think Great Britain has enough to do to take care of the seas and to raise an army of five million men, without thinking of sending her ambulances all through South Africa, into Egypt

into the Balkans, into Russia, as well as into France? But they have failed nowhere—and this alongside of their wonderful military undertakings. Immediately our soldiers go into camp, their dependent families will become a problem. Obviously, in a country the size of our own, the proper and practical way to distribute both the burdens and the benefits

fairly and uniformly will be through the Government itself. This is especially fitting when voluntary contributions must meet such enormous requirements in other fields. There will undoubtedly arise a large number of special cases requiring additional or unusual assistance. Such assistance should be made systematic largely through local chapters of the Red Cross.

RED CROSS WORKERS ALL SET FOR WAR CAMPAIGN

Continued from Page 1.

Chairman Thomas impressed on the minds of the workers last night the necessity when making the appeal for a contribution, of making it plain that the Red Cross is not raising a War fund but a "War Relief" fund. He said it should be understood that this is a humanitarian movement designed to save lives of American soldiers and make conditions better for them in France by helping America's allies.

Mr. Thomas pointed out that the experience of prosecuting a foreign war was entirely new to the United States. The American boys will be in a very peculiar condition, far different from that of the English and French soldiers. The soldiers of the allies are not far from their own soil and can go home on a furlough, but the boys in khaki will be denied that privilege. Once on French soil, they will have to remain. Mr. Thomas showed the workers that they must impress on the minds of the people that this is another burden of the Red Cross—to provide places for the American soldiers in rest periods for wholesome amusement and recreation so as to stave off the homesickness that is liable to overtake every American young man.

Early indications are that Rush county will respond nobly to its task. Several subscriptions of \$50 and a few for \$100 are anticipated. There are any number of men, wage-earners of humble homes—who expect to give their per capita ratio, fifty-five cents each for themselves and every member of their family.

The merchants of Rushville have announced to the world that they are going to "do their bit." Five score or more have advertised that they will give to the Red Cross War relief two per cent of their cash sales next week and one per cent of their collections. In addition to giving themselves, people of the county can aid the Red Cross by buying the things they need next week as well as paying up their old accounts.

"The Alarm Call," a ringing appeal to the people of Indiana to rally to the Red Cross war fund, is sent out to local chapters by S. P. Withrow, campaign leader for the state branch of the Red Cross. The call follows:

"Let some of the County Red Cross Organizations have not responded; lest they are not in full swing for the raising of their full share of the \$100,000,000 war relief fund for our soldier boys through the American Red Cross, June 18 to 25, this is an alarm call, for there is yet time.

"We are sending this alarm out lest by some awful mistake some county might be humiliated in finding after this glorious work is over that it has been denied the opportunity of being upon the honor roll. If Red Cross Representation Ever Meant Anything It Means Something Now.

"Don't let 'sleep at the switch' be applied to your chapter. Don't let your people wonder when this campaign is over why they didn't have a chance to win the war with their money. Many people know they can't go out and fight in this war for democracy, for liberty, for truth, but they want to help the boys that can go and do go. They want to help them with reasonable comforts. They want to help stop their bleeding wounds. They want to help pillow their heads in efficient hospitals with a nurse and doctor in charge. They want mother notified if her boy is a prisoner or if he falls in action. They want to help save the lives of thousands that would otherwise die for reasonable care.

"If you received word that our army had retreated across the Alleghenies with a German army in pursuit it would not take long to get your people together to organize to stay its progress would it? The telephone would do to notify them wouldn't it? Excuses wouldn't go would they? Well, if that were the case action would then be too late with all the hurry and with all the prompt work.

"Wisdom then directs prompt spontaneous action now, when it is not too late, when reasonable alertness will save lives, save sorrow and distress, and win the war. All the funds for the raising of this unit will be contributed by the funeral directors of the state and already the response to the appeal for funds has been liberal. The state work is in charge of Frank B. Flanner of Indianapolis.

The friends and neighbors of Clavin Hungerford planned a surprise for him Thursday evening, honoring his birthday. Fifty-five guests enjoyed the delightful evening over cards, and refreshments were served.

The Ladies Aid society of the Methodist church will meet, Tuesday afternoon with Mrs. W. S. Oneal at her home in North Perkins street. The assistant hostesses will be Mrs. Esther McCloud and Miss Flora Redman.

Mr. and Mrs. A. L. Riggs entertained with a well appointed dinner, yesterday at their home in North Perkins street. Covers were laid for Mr. and Mrs. J. P. Frazee and daughter Miss Frances and sons John and Havens, Mr. and Mrs. Claude Cambern, Mr. and Mrs. Guy Abercrombie and daughter Laurett and Edwin Watson.

Claude Fowler was surprised last evening when his friends and neighbors gathered at his home for a social evening, the occasion being his birthday. The guests included, Mrs. Peek, Mr. and Mrs. J. W. Zumbalt, Mr. Peek and daughter, Helen, and Laverne and Robert Bishop. Pink and white was the color scheme used in the decorations and refreshments which were served.

Miss Grace Buell was the hostess to twelve members of the Friday afternoon Embroidery club and five guests, Mrs. George Helm, Mrs. Lenora Norris, Mrs. Lee Pyle and Mrs. Channcey Duncan, yesterday afternoon at her home east of this city. Red roses were used in profusion on the dining table, where the hostess served the dainty luncheon. The entire afternoon was spent over needlework.

The guests are the Misses Beale, June Lines, Mable Morris, Freda Morgan, Sudie Shelhorn, Carry Brown, Clara Archey, Emily Morgan, and Lula Harcourt. Masses of pink and white roses were used to decorate the home and the same color scheme was prominent in the refreshments. The receiving line, in which stood the Misses Mary Hinchman, Lilla Tender and Ruth Laughlin, was stationed at the entrance of the spacious living room. During the evening piano and vocal solos were rendered by the Misses Dorothy Saxon, Elsie and Anna Vandiventer and Martha Crayton. Refreshments were served to about seventy-five guests.

## ANOTHER NATIONAL DRAMA IN THE MAKING

Behind Spanish Censorship Crisis Between Premier and Army Leaders is Being Enacted

### PROPOGANDISTS ARE AT WORK

(By United Press.)

London, June 16.—Behind the Spanish censorship another national drama may be occurring. Vague reports of an assumption of power over the whole nation by the army have been received here. No direct word has come from Spain for four days.

When the censorship curtain dropped a crisis was imminent between the premier and the army leaders. One of the last dispatches received direct from Madrid quoted the premier in the denial of the report that a garrison had revolted. Spain has been the hot-bed of German propagandists and all British newspapers today advocated much of Spain's internal dissension was due to the Prussian agents.

## FOOD BILL FIGHT OPENS IN CONGRESS

Senate Agriculture Committee Meets to Report Measure Out Without Recommendations

### ONE OF GREATEST STRUGGLES

By ROBERT J. BENDER  
(U. P. Staff Correspondent.)

Washington, June 16.—The big food fight is on in congress. While the people of the country and the allied nations watch, the administration food control measure, making Herbert C. Hoover, virtual food administrator of the world was launched today into one of the greatest struggles of the American congress. The senate agriculture committee met to report the bill without recommendations that the senate might begin work on it at once. Senator Gore, chairman of the committee—unfriendly to the measure, asked Senator Chamberlain to direct its course in the upper branch. The fate of the bill is yet in doubt. The president has chosen the senate as the field on which to fight the battle to a decision.
